

Adult Education Construction Technology Class Overview

INSTRUCTOR

Scott Lance (lances@wctech.org)

COURSE LENGTH

- 6 weeks each course

TIME/DAY(S) OF THE WEEK

- 6:00pm-9:00pm every Tuesday, starting September 14th

COURSES OFFERED

- **Introduction to Home Maintenance and Repairs(Part 1):** basic home maintenance items such as sheetrock repairs, roof repairs, light plumbing repairs, minor electrical, tool usage, basic handyman stuff, etc
- **Light Construction and Remodeling(Part 2):** light framing, structural considerations, decks, cabinets, etc.
- Individual student interests will drive some of the instruction as we work through projects.

MAXIMUM CAPACITY (per course)

- 8 students

TOTAL MATERIAL COSTS (approximate)

Please list materials and estimated prices

- With lumber prices at current levels, \$50-100.00 per student should be enough to cover materials.

*****If you're interested in this program and you'd like more information, please reach out to Mr. Lance directly using the email address at the top of this page.*****

THANK YOU!
