Dear Parent or Guardian,

As part of a comprehensive Driver Education Program we discuss drinking and driving as well as the effects of being under the influence of drugs and/or alcohol. In addition, we also discuss speeding, distracted driving (texting/cell phones) and the inexperience of new drivers.

The course includes the use of Fatal Vision Goggles that simulate being under the influence and the students attempt to drive a golf cart while wearing the goggles. As a follow-up to this activity we will be showing the video Signal 30 Part II: Hope & Tragedy. This is a video of real-life accidents produced by the Ohio State Patrol. It contains some very graphic scenes. For this reason, we are asking you to discuss this with your child and indicate below if you wish for your child to view the video.

We believe that this video is very effective in relating the dangers of new drivers as well as drivers under the influence.

Sincerely,

Mrs. Debra Kessel, Driver Education Instructor

Mr. Chris Banquecer, Driver Education Instructor

Trooper Tom Walsh, New Jersey State Police

Please cut here and return the bottom portion with your intention and signature by Wednesday, October 22, 2014.

Print student name _____

Please check one:

_____ I DO wish for my son/daughter to view the video, Signal 30 Part II.

_____ I DO NOT wish for my son/daughter to view the video, Signal 30 Part II.
