

LESSON 21

Learning About Pregnancy and Childbirth

5-Minute Check

(Use after page 244.)

1. What is the difference between a chromosome and a gene?

2. How many chromosomes do the male sperm and the female ovum contain?

3. Who determines the sex of a baby?

4. What is the XX chromosome pair going to produce?

5. List some traits that are passed on to you from your biological parents.
